Maruyama 's unique damper valve enables tuning as precisely as you'll ever need. Thanks to Maruyama's unique, original O-shutter damper valve, you're assured of a steady, stable discharge, from the most minute to the largest quantities.

This valve lets you select the ideal setting for each particular crop or pesticide.

And when set at the "0" index, you're assured of complete discharge cut-off.

NOTE: Specifications may vary according to the types, and are subject to change without notice.
